Section 1 - Introduction

This directory provides a list of FamilyCare Health Plans plan providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

Use this introduction section to describe how members should use this directory for example to select PCP if your plan uses PCP, explain sub networks, referral circles if applicable, and which types of providers require referral. Use, delete or modify the following based on plan arrangement.

You will have to choose one of our plan providers that are listed in this directory to be your **P**rietary **C**are **P**rovider (PCP). The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP.

A PCP is a provider, who meets state requirements and is trained to give you basic medical care. You will get your routine or basic care from your PCP. Your PCP can also coordinate the rest of the covered services you need. In most cases, you must see your PCP to get a referral before you see any other health care provider.

The “plan providers” listed in this directory have agreed to provide you with your health care coverage. You may go to any of our plan providers listed in this directory; however some services may require a referral. If you have been going to one plan provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-plan providers.

What is the service area for FamilyCare Health Plans?

The counties in our service area are listed below.

Clackamas, Clatsop, Morrow, Multnomah, Umatilla and Washington counties in the state of Oregon.

How do you find FamilyCare Health Plans plan providers in your area?

Our PCP listing is organized by county, provider office then by provider. If you would like assistance in selecting a PCP, you may call our Member Services department. If your selected PCP was not your previous PCP, we encourage you to contact your new PCP as soon as possible to schedule a check up. The relationship between you and your PCP is the most important feature of this plan. It is important to call or see your PCP each time you seek care.

If you have questions about FamilyCare Health Plans please call our Member Services Department at 866-798-2273, Monday through Friday 8:00 am to 8:00 pm. TTY users should call 800-735-2900, or visit www.familycarehealthplans.org.
